FISHERIES

March 3, 1921.

Mr. Ward T. Bower,
Bureau of Fisheries,
Washington, D. C.

Dear Mr. Bower:

Enclosed herewith I mail you letter received from Weiland Brothers, San Francisco, California, relative to filling out blanks for fish which they were supposed to have packed in the north. You will note that they are only brokers.

I am forwarding you herewith report of the Northern Packing Company, which has just been received this morning. They stated to me that they did not have their books in Seattle and this was as nearly correct as they could give with the statistics which they have at hand.

Very truly yours,

Harry O'Malley
Field Assistant.

Seattle, Washington.

Gentlemen:

We have for acknowledgment your letter under date of Feb. 25 and beg to advise that the blanks that we have received today are the first set that we received in regard to this matter. In explanation we wish to say that we do not operate any plant at Golovin Bay nor do we ourselves do any packing of Herring or other fish at that point or any other point in Alaska. The only connection we have with this industry is that we sell the fish that some of these packers send to us on consignment. Under the circumstances we believe, therefore, that we are not to fill in the blanks which we are herewith returning.

Respectfully,

Wieland Bros.
